INDIA ORIGIN

Rooted in quality, grown for the world.

SV Harmony Global is an India-based exporter specialising in premium moringa powder. From farm partnerships in nutrient-rich soils to careful low-temperature processing, every batch is prepared to preserve the natural colour, aroma and nutritional integrity that international buyers demand.

01

Single-Origin Sourcing

Moringa oleifera cultivated by trusted farming partners, harvested at peak maturity for maximum nutrient density.

02

Shade-Dried, Cold-Milled

Leaves are shade-dried and milled at low temperature to retain vitamins, antioxidants and that signature vivid green.

03

Export-Ready Logistics

Food-grade, moisture-controlled packaging in bulk and private-label formats, documented for smooth customs clearance.

04

Consistent Quality

Batch-level checks on colour, mesh, moisture and microbiology so every shipment meets the same trusted standard.

Vivid, fine-mesh moringa powder — ready for nutraceutical and food applications.

Moringa Oleifera Leaf Powder

A versatile superfood ingredient rich in plant protein, iron, calcium, vitamins and antioxidants — supplied to nutraceutical, supplement, beverage, food and cosmetic manufacturers across global markets.
